

We are the go-to hair and skin specialists for New Zealand's top fashion designers and creatives.

At the heart of our ethos lies an holistic and progressive approach to skin and hair. Within this approach we believe in the coexistence of sustainability, science and new generation technologies. The result – a beauty edit that is fresh, uncontrived, modern.

Our Products

We have curated a selection of new generation, result-driven products that strike a powerful balance between science and nature. Let our experts recommend a luxurious treatment and result-driven product perfect for you.

New Generation Colour

O&M's CCT (Clean Colour Technology) offers permanent colour, free from ammonia, resorcinol and PPD. What O&M don't use in the form of chemicals, they replace with nourishing natural extracts and active minerals.

Olaplex - *The game changer in hair repair.*

Free of silicone and sulfates, Olaplex's ground breaking chemistry rebuilds your hair's broken bonds. Transforming heavily processed hair, it leaves it feeling healthy and resilient. In terms of colour, Olaplex allows you more possibilities, freedom and long-lasting results.

Relax

Read the latest mags while sipping on Kokako coffee, a cleansing chlorophyl shot, a loose leaf tea or a smooth drop of wine.
